### Form Guidance

**NAME:**
Surnames only. Most name variants must be treated as separate entries, thus JEFFERY and JEFFREY are two entries; but e.g. THORP(E) is one.

**COUNTY & COUNTRY:**
Use the Chapman Codes, a selection is shown opposite. No attempt will be made to check that the COUNTY is correct. Do not insert ALL in the COUNTRY column.

**TIME PERIOD:**
- Use centuries where possible, thus 18**c**, 18-19**c**, qualified if necessary by **E** (early), **M** (mid) or **L** (late) thus early 19th century = **E**19**c**.
- Specific dates may be qualified by **pre** (before), **c** (around) or **+** (and after); thus **pre** 1750, **c**1780, 1860**+**
- Date ranges may be used e.g. 1760-1890 but these should not be qualified.
